

# BIBLE 101

## Curious about the Bible?

When was it written? By whom? Why? Where?  
What is the Old Testament and did God seem so angry back then?  
Who was Paul? Did Jesus have to die? Are these old stories true?  
Did Jesus really say that? Does God really love us? All of us? Can you be angry at God? Is it ok to doubt? Why do bad things happen to good people?  
How is this old book relevant to my life now?

You do not have to be a Christian to come. Just curious! You do not have to know anything about the Bible! This is a no judgement zone! We all love a good debate!

Come as you are.

No commitment. Every week has a different topic.
